COVID-19 Quincy Park District Update

Quincy Park District COVID-19 Update: May 18, 2020

COVID-19 Program and Facility updates based on restore IL

Indian Mounds Pool

Indian Mounds Pool will not open for the 2020 season. It is the Mission of the Quincy Park District to provide safe, clean, family-friendly facilities and programs to the Quincy Community. We continue to monitor the current COVID-19 public health crisis and make operational modifications and adjustments that comply with the current Executive Order as well as promoting public health through outdoor recreation.

On April 30, 2020 Governor J.B. Pritzker signed Executive Order NO. 2020-32 extending the stay-at-home restrictions statewide through May 30, 2020. Executive Order NO. 2020-32 is available online at <http://www2.illinois.gov/Pages/Executive-Order2020-32.aspx>.

Staff believes there is a wide variety of summer programming the Quincy Park District can modify that will fit within the Centers for Disease Control (CDC) and the Illinois Department of Public Health (IDPH) guidelines for the 2020 summer season. We will make every effort to modify these programs with our park patrons' safety at the forefront of our decision-making process. There are numerous summer programs we are able to modify and new programs we can offer to comply with the ever-changing public health guidelines, staff does NOT believe the operation of Indian Mounds Pool is one of them.

The CDC currently advises park users not to use splashpads, water playgrounds, or water park features and other frequently touched recreation equipment. Additionally, the Illinois Department of Public Health (IDPH) licenses all pools and splashpads within the State of Illinois. The IDPH is currently NOT allowing the operation of any swimming pools and splashpads within the State of Illinois. Washington Park Splashpad will remain shut off until "Restore Illinois" reaches Phase 5 which will likely be sometime in August.

Please see below for a summary of programs that will be offered this summer. Further information regarding these programs will be coming soon. Please visit our website at www.quincyparkdistrict.com

 - all indoor fitness classes are canceled
 - no reservations will be taken for special events, facilities, or shelters
- Art Keller Marina lease renewals are extended until May 1. We encourage renters to complete the renewal process over the phone.

COVID-19 Quincy Park District Update

Quincy Park District COVID-19 Update: March 16, 2020

Due to the pressing need for social distancing and in an effort to support this initiative, the following will be put in place by the Quincy Park District effective Monday, March 16 at 12:00 pm through the end of the month. This includes closing the indoor playground at 1231 Bonansinga Drive. All activities at the Lorenzo Bull House, 1550 Maine Street have been postponed through the end of this month.

All outdoor parks will remain open including Westview Golf Course.

Park District staff will reach out to our customers, programs participants, event organizers, and those who have a facility reserved, with more information over the next two weeks.

- Park District programs that do not exceed 25 participants will continue as planned. Staff will properly sanitize the facility and equipment before and after use. If a program is canceled, you will be contacted directly by the instructor or other Park District staff.
- We encourage all sports participants and teams not to hold practices until the end of the month.

If you choose to visit our parks, you are urged to follow the recommended protocol as outlined on the CDC Website <https://www.cdc.gov/> including:

- Stay home when you are sick
- Wash your hands often with soap and water for at least 20 seconds or use hand sanitizer that contains at least 60% alcohol.
- Avoid close contact with others.
- Avoid touching your eyes, nose, and mouth.

Quincy Park District continues to monitor the rapidly changing COVID-19 outbreak. Staff and Board remain committed to providing wellness opportunities for our community within the guidelines and recommended protocol provided by the CDC (Center for Disease Control), IDPH (Illinois Department of Public Health) and IPARKS (Illinois Parks Association Risk Services).
